

Transportation & Logistics

PRACTICE AREA

Overview

At Young Moore, we have been partners with the Transportation and Logistics Industry for more than 30 years.

We represent a large number of insured and self-insured trucking, transportation, and logistics companies throughout North Carolina in personal injury, property damage, cargo claims, and regulatory matters. Our legal representation extends to state and federal courts, with a special emphasis on litigation involving tractor-trailers, buses, and various forms of mass transit.

Our Transportation team has substantial trial experience in virtually all facets of transportation litigation: from routine matters to complex, multi-party catastrophic loss and wrongful death claims. We can also assist you in matters involving the numerous federal and state schemes affecting the transportation industry, including claims arising under the Carmack Amendment.

We maintain a standing “go team” of attorneys, engineers, and field adjusters, who are available to respond to a catastrophic loss twenty-four hours a day, seven days a week.
