With the help of volunteers and supporters, God's Love cooks and delivers nearly 2 million medically tailored meals each year to individuals living with and affected by severe and chronic illness! Find out more about our work through our video, from the food we cook and to the people we work with to the community we serve. Directed by Ben Fink Produced by Neighborhood Watch
For more than three decades, God’s Love We Deliver has been providing the medically tailored, nutritious meals that our clients so urgently require. From the very beginning, we recognized the force of the tremendous heart of our volunteers, and today, we are proud and humbled to have the help of more than 10,000 individuals who give their time and talent to God’s Love every year.
