A message about COVID-related health and safety measures

Your health and safety is important to God's Love We Deliver.

Since the beginning of the COVID pandemic, God's Love We Deliver has followed government and public health protocols to ensure the health and safety of our staff, volunteers, and others who come to our offices. Hand sanitizer and masks are available throughout the God's Love facility. We practice appropriate social distancing in our work stations. And all employees planning to work from the office on a given day answer questions about their health, symptoms and travel before they come to our worksite. Candidates who come on site for their interviews are similarly asked to pre-certify in these areas before they enter our offices.
