

The Triple Aim of Healthcare Reform **#hungerpc16**

This year, we are thrilled to be a part of the 2016 National Anti-Hunger Policy Conference. Karen Pearl, our President & CEO will represent the work we do at God's Love on a panel discussing the landscape of hunger and health and the concept of a continuum of care for food and nutrition services that mirrors the medical continuum of care from prevention to treatment. Every day, we work to make nutrition an integral part of care for the clients that we serve.

The National Anti-Hunger Policy Conference, co-sponsored by the Food Research and Action Center and Feeding America, draws anti-hunger and anti-poverty advocates; federal, state and local government officials; child advocates; representatives of food banks and food rescue organizations; sponsoring organizations and nutrition and anti-obesity groups, for three days of training, networking and Capitol Hill advocacy.
