On Sunday, May 18, our amazing team of volunteers, supporters and friends of God's Love took to Central Park for the 6.2 mile AIDS Walk New York. This was our fourteenth year participating in the walk and our 19-member team did a phenomenal job fundraising, including three members who each raised more than \$1,000 for the cause.

The AIDS Walk benefits over 40 HIV/AIDS organizations in the tri-state area, including God's Love! See our teammembers and their phenomenal fundraising totals, which supports God's Love and other HIV/AIDS organizations in the area on the [AIDS Walk website](#).
