Bags of Beauty for Thanksgiving

Every Thanksgiving, we deliver our special holiday feasts in bags decorated by local schoolchildren. Our tell us how special they think the bags are, and it's a highlight of our year to have their artwork fill up our building before we send them out to be delivered! This year we'd like to thank PS 41, PS 107, NYC iSchool, Brearly School, PS 24k, FIT, Vista Academy, Humanities Preparatory Academy, and families and community groups all over the City who have given their love, time, and talent, to decorating these wonderful bags!

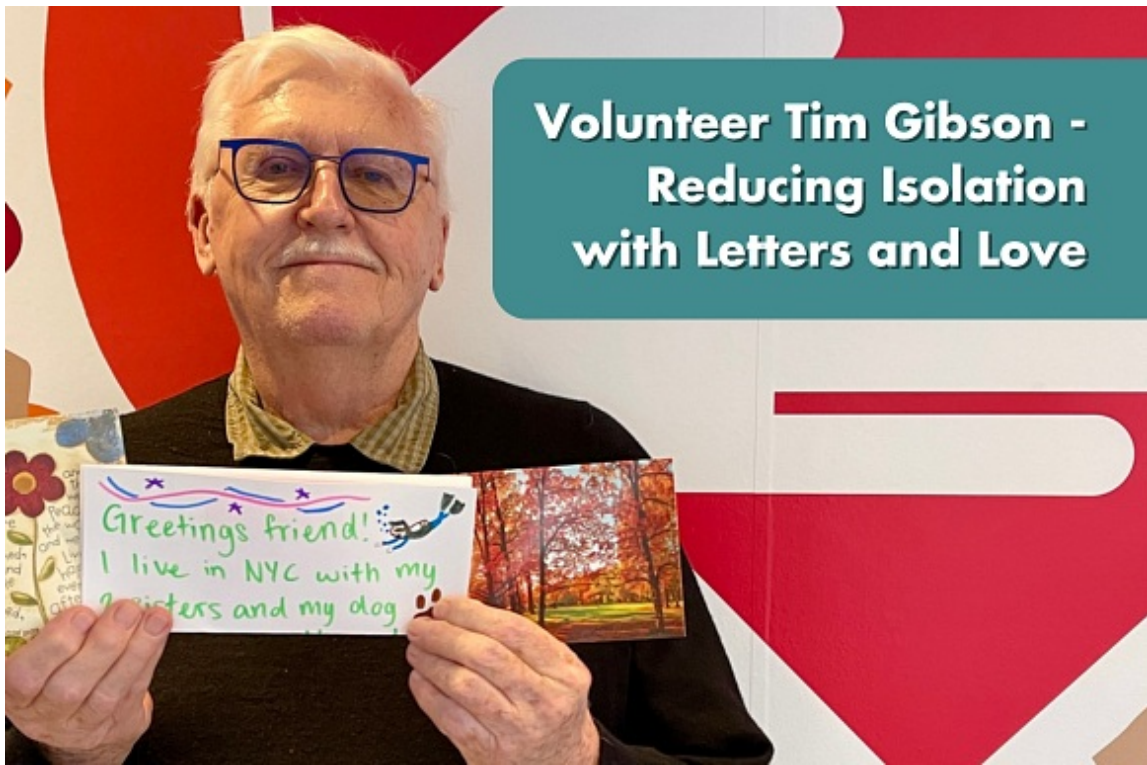

Our friends at PS 107 hit the news circuit with their bag decorating project, and were featured on [News 12 Brooklyn](#), [The Tablet](#), and the [Brooklyn Paper](#)!
