We continue to develop a replacement plan for our broken boiler and just a couple of weeks ago, we installed a temporary boiler on Sixth Avenue, right outside of our building. We have been able to restart making our soups for our clients, a part of the menu that was sorely missed. Thus far, we have raised a great amount and we send our thanks to all those who have supported our effort and continue to do so. Thank you to all those who have shared this news with colleagues, friends and loved ones via email, [Twitter](#), [Facebook](#) and more. Please continue to spread the word! More updates forthcoming as we continue to investigate a permanent solution. Please [consider a gift](#) to help us fund this effort today.
