

Today, we were so pleased that we had the chance to share our urgent mission with Council Member Palma and her staff who rolled up their sleeves, put on an apron and helped roll out 4,081 meatballs this morning in our kitchen, equivalent to 1,360 meals! Together, they helped us do what we do best: cook and deliver the individually-tailored meals our clients require at a time in their lives when they need it most.

Our deepest thanks to Council Member Palma and her team for helping us do what we do best and for giving back to our community.
