

<https://www.glwd.org>

Our sister organization, MANNA, in Philadelphia, have recently teamed up with Health Partners Plans Inc. to provide meals to diabetics who are Medicaid beneficiaries. MANNA's groundbreaking study in 2013 demonstrated that access to medically tailored food reduces healthcare costs and improves health outcomes, and their recent partnership is showing this in a whole new way. Click [HERE](#) to see how food and nutrition is changing the healthcare landscape in Philadelphia.
