

World Food Day is commemorated worldwide on Tuesday, October 16th to spread awareness about hunger, malnutrition and food justice issues that challenge our world. Many will gather for meals together to discuss global and local food issues. At God's Love we will sponsor a lunch time World Food Day Meal for our staff, where we will gather to discuss and learn more about hunger, where our food comes from and what we can do to make the food system more just. We believe that good food is a right and small changes in all of our lifestyles can support a more sustainable and fairer system for all.
