

## Midsummer Night Drinks

Midsummer Night Drinks has become one of the most anticipated events of the Hamptons season. Each year, some four hundred generous friends enjoy a memorable June evening of cocktails, music, and spectacular views, at a significant private home in the Hamptons. All funds raised allow us to continue our important work. Midsummer Night Drinks is a great way to kick off the Hamptons “summer season” while supporting one of New York City’s most beloved charities.
