The 2021 TCS New York City Marathon

New York is back, and so is the Marathon! We are so excited to participate in the 50th New York City Marathon with the God's Love team of runners. We have partnered with NYRRs for many years now and have raised over \$80,000 for God's Love over the past 8 years. After last year's race was cancelled due to the pandemic, we are excited to have our 2020 runners participating this year alongside the 2021 slots, so our team will be bigger and better than ever! If you are interested joining the God's Love Team please reach out to [Julia Cordry](#).
