

Dear Community:

Due to the COVID-19 pandemic, we have received over 2,000 new applications for service. We are working to process all of these applications, which will take over four weeks. Please be patient while we address this immediate need. In the meantime, please visit www.nyc.gov/getfood or call 311 to connect to other food sources.

For Your Patients

We know fresh, healthy meals can make all the difference in the world. If someone you treat is living with a chronic or life-altering illness like cancer, Alzheimer's, renal failure, COPD, HIV/AIDS, or other serious condition, please get in touch! We deliver delicious meals right to their door if they're living with or recovering from an illness, and are having trouble shopping or cooking. Our Registered Dietitian Nutritionists work with our clients to design individualized meal plan. We're here for your patients! ([We support healthcare providers also getting meals for their patients who are managed care members.](#))

- Get in touch with communitypartners@glwd.org if you want brochures for your office or to schedule a time for us to come present to your team.
- Learn more about how nutrition can support your patient [here](#).
- See some of our meal options [here](#).
- Find the research [here](#).

How to Get Tailored Meals For Your Patient

1. Download Forms

See forms below!

2. Get a Medical Provider's Signature
