Learn More about God's Love and our Free, Healthy Meals

What's on the menu?

All meals from God's Love are low-sodium, and cooked without added preservatives, artificial flavorings, or fillers. In any given week, each client receives a variety of items that fit their needs and preferences and are optimized for the right caloric, nutrient, and protein content. Because different health concerns require different dietary modifications, our team of Registered Dietitian Nutritionists works with all clients to determine their specific nutritional needs and select the assortment that works for them.

Please note that we cannot accommodate soy allergies, or gluten-free, Kosher, Halal, or vegan diets. Check out our food safety guidelines [here](#). If you have any questions regarding our menu, please contact the Nutrition Department at 212.294.8103 or at nutrition@glwd.org.

What ongoing help can your staff provide?

Our team of Client Services Representatives will welcome you or your loved one on to our program, ensure we have all the appropriate paperwork, and answer any questions along the way. A Registered Dietitian Nutritionist will perform a nutrition assessment to help design your meals according to your illness, treatments, needs, and preferences, and our team of RDNs are available to provide you with unlimited nutrition education and counseling. All services are free to clients and full of love.
