

## Partner With Us

Are you looking for nutritious, medically tailored meal delivery services for your members? We can help.

God's Love We Deliver is the recognized leader in providing medically tailored meals to people living with serious, life-altering illness in the New York City metropolitan area. In ten years working as a preferred meal provider for hospitals, physicians groups, and insurers (including Medicaid Managed Long Term Care, PACE, MAP and FIDA), we've delivered more than 2.1 million meals to members in the NY metro area. Our meals help you achieve key outcomes in healthcare and the social determinants of health. Learn more [here](#).

## Our Difference

## Nutritionally Tailored and Delicious

Our medically tailored meals are designed and approved by our Registered Dietitian Nutritionists (RDN) to address medical diagnoses, symptoms, allergies, medication management, and side effects to ensure the best possible health outcomes. We never use preservatives, starters, or fillers, and all of the meals are made from scratch in our state-of-the-art kitchen in downtown Manhattan.

## **Evidence-Based**

Research shows that adding medically tailored nutrition to a care plan dramatically reduces healthcare costs; in one rigorous study, medically tailored meals reduced costs by an average of \$12,000 per member per month. Another found a 16% net reduction in overall healthcare costs--but only when using medically tailored meals. Standard food programs do not provide the same benefits.

Medical nutrition therapy and medically tailored meals bring results in as little as 30 days.

## **Customized to Member Needs**

Nutritional intervention supports and addresses a range of high-risk patients, including those with:

Recent hospital discharge without supports at home • Weight loss • Cognitive impairment or serious mental illness • Medically at risk • General fatigue • Difficulty chewing and/or swallowing • Difficulty walking or getting around • Difficulty shopping or cooking • Specific diagnoses, such as Cardiovascular Disease, CHF, or renal failure • Poor Diabetes management • Progressive stages of dementia requiring dietary modifications (such as minced or pureed meals)

## **We Provide**

### **Flexible Delivery**

We set up home delivery that works with members and their medical appointments.

### **Customized menu**

We customize each member's menu assortment based on their diagnosis, dietary needs, and medications.

### **Responsive customer service for your team and members**

Our dedicated team provides timely responses to your staff and members.

### **Timely electronic billing**

We ensure prompt processing of invoices across a range of billing platforms.

### **Streamlined onboarding**

Our account managers support referral and authorization setup and speak directly with members or care coordinators to enable faster enrollment and service delivery.

### **HIPAA compliant services**

We guarantee secure processing and retention of confidential medical information.

### **Partner With Us**

## **We Work With**

## **Health Insurers and Health Providers**

God's Love We Deliver is a NYSDOH Tier 1 provider. We support value-based payment (VBP) initiatives; can engage any of your insurance products (Medicaid Managed Care, Managed Long Term Care, Medicare Advantage, CFCO); and address social determinants of health, including food insecurity and malnutrition.

## **Community-Based Organizations**

Our 180 partners use God's Love We Deliver to augment services and support comprehensive medical and social support to clients. We offer quick and easy enrollment and referrals to a range of service needs.
