

Summer of Service

God's Love We Deliver cooks and home-delivers delicious, healthy meals for people living with severe illness — free to clients and full of love.

Summer of Service is a fun way for young people to stay involved with volunteerism and God's Love We Deliver during the summer months.

Show us your service this summer!

Complete our log sheet with each volunteer activity you do this summer. When all (or most!) are complete, send your log sheet to God's Love and we'll send you a thank you Young Hearts Apron!
