

# Private Equity

Tuggle Duggins attorneys are involved in the full range of private equity and related finance transactions. Our attorneys work closely with clients to determine their specific goals and risk tolerance and then to refine investment and exit strategies in a manner that meets our clients' objectives and maximizes their opportunity for a positive outcome. We commit the legal resources required to execute those strategies and to evaluate, structure, negotiate and close private equity transactions.

Our representation includes assisting our clients with structure planning and addressing complex tax, legal and regulatory issues that companies and investors encounter. Our team has extensive experience in working with corporations, partnerships, limited liability companies and individual investors in the structure and execution of private placements and other securities transactions, mezzanine and later stage investments and financing, buyouts, rollups, leveraged acquisitions and recapitalizations.
