

Tax

Tuggle Duggins enjoys an outstanding reputation in the field of taxation. Using a team approach, we handle a wide range of sophisticated federal and state tax planning and controversy matters for corporations, limited liability companies (LLCs), partnerships, trusts and estates, and individuals. We also have extensive experience in representing our clients in tax controversy matters.

We advise clients on income, sales and use, franchise, realty transfer, and employment tax issues related to entity formation, mergers, acquisitions, divestitures, executive compensation, technology transfer, business succession, and the sale or purchase of real estate.

Our attorneys are also experienced in dealing with the unique issues that face businesses operating in multiple states, such as nexus, apportionment, and nonresident filing obligations.

We have a vast depth of experience in taxation and have lectured extensively on various tax topics. Several of our attorneys have published articles in national periodicals, and taught advanced courses in taxation.
