Now in its 12th year of publication, Benchmark exclusively covers the litigation and disputes market in North America, covering the U.S., Canada, and Mexico. The publication focuses exclusively on litigation and disputes in North America, which differentiates them from other legal directories that cover a broader spectrum of legal services and geography. This allows them to provide a much more in-depth analysis of the litigation and disputes market. Benchmark is also editorially driven, rather than statistically driven, and strives to avoid being over-inclusive.
