

Ward and Smith Debuts on Triangle Business Journal's Top Patent Law Firms List

August 7, 2017

Ward and Smith, P.A. is included on Triangle Business Journal's annual listing of the largest patent law firms based on number of attorneys. According to reporter Cameron Snipes, Ward and Smith was not included on this list in previous years, but was ranked as the eleventh largest patent law firm in the 2017 edition published on August 4, due in part to four patent attorneys joining Ward and Smith from boutique patent firm Myers Bigel earlier this year.
