

Peter McClelland Joins Digital Supply Chain Risk Webinar

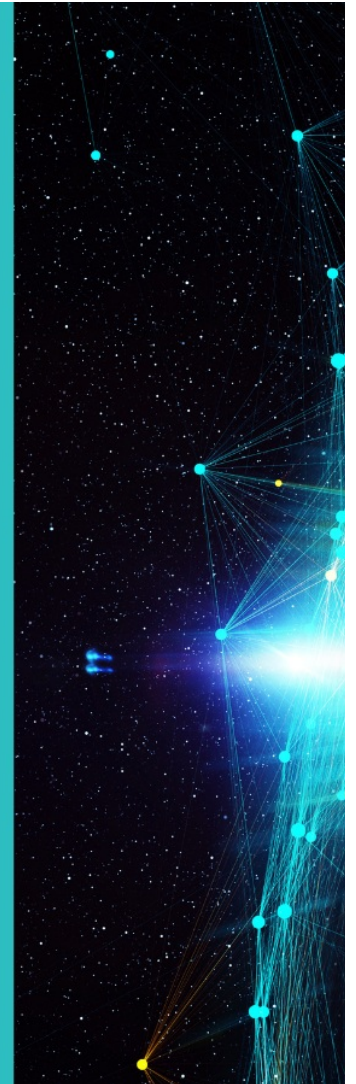

Written By **Peter N. McClelland, CIPP/US** (pnmcclelland@wardandsmith.com)
August 16, 2021

Privacy and data security attorney Peter McClelland, CIPP/US will participate in the **Preparing for CMMC: How to Manage Your Digital Supply Chain Risk** webinar on August 26.

Preparing for CMMC: How to Manage Your Digital Supply Chain Risk

Complimentary Webinar
Thursday, August 26 | 11 AM - 12 PM EDT

Peter will be joined by technology and data security professionals from TCDI and KnowBE4 for the one-hour discussion on the growing risk of cyber-attacks and how organizations are taking a stern look at their third-party vendors.

During this presentation, attendees will learn about:

- The Cybersecurity Maturity Model Certification (CMMC), which is the framework of choice for the Department of Defense (DoD) and Defense Industrial Base (DIB);
- Ways to secure your digital supply chain; and
- How to manage your third-party risk.

Even if you can't join us at this time, please feel free to register anyway. The on-demand version will be emailed out when it becomes available. The event is free. [Sign-up here.](#)
