

U.S. 70 Kinston Bypass Project

The North Carolina Department of Transportation recently announced that they have selected their preferred route for the U.S. 70 Kinston Bypass. This 22 mile bypass will run from the N.C. 903/ U.S. 70 interchange in La Grange to U.S. 70 east of Dover.

Contact one of our condemnation & eminent domain attorneys below to discuss how your property will be impacted by the Kinston Bypass project or visit our Condemnation & Eminent Domain practice page.

Project Timeline

Currently, the DOT is still working on their final environmental impact statement, which is to be released in Spring

2022. Right of way acquisition is scheduled to begin in 2023, and construction begins in 2027. These stages can be accelerated or delayed based on funding and/or other engineering concerns.

Homeowner's Rights

The NCDOT is required to pay you fair compensation for the impact of this project on your property. However, you do not have to settle for the value the government places on your property. It is your right to fight the DOT for the full amount of just compensation that you are owed for your property.
