
24-Hour Accident Response & Investigation

SERVICE | OCTOBER 3, 2017

Our Transportation team knows that early intervention and investigation are often critical to the successful defense of a loss, and we are ready to lead your on-site investigations. We maintain a standing “go team” of attorneys, engineers and field adjusters, all of whom are available to respond to a catastrophic loss twenty-four hours a day, seven days a week. Our Transportation attorneys routinely work with nationally recognized expert witnesses located throughout the United States and Canada. If you have an immediate need for legal support following an accident or other incident, call the **Young Moore and Henderson Go Team Hotline at 919-861-5019** and you will be connected with an experienced transportation attorney with access to experienced field adjusters, engineers, accident reconstructionists, and other transportation industry experts.
