# Health Care Privacy and Security Compliance

SERVICE | AUGUST 20, 2020

Young Moore's experienced health care attorneys counsel clients on health care privacy and security compliance including matters involving the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Our experience includes:

- HIPAA privacy, security, and breach notification policies and procedures
- Incident response and mitigation
- Patient complaints, patient right of access, appropriate use and disclosure of PHI, and document retention and destruction
- Business associate agreements and data use agreements
- Health information management, medical records, release of protected health information (PHI), and HIPAA-compliant authorizations and forms
