
Nursing Home/Long Term Care Litigation

SERVICE | SEPTEMBER 19, 2017

We provide counsel for the long term.

Young Moore has been leading the defense of nursing homes and assisted living facilities for more than a decade. The explosion in litigation in this area has fueled the need for experienced attorneys with the knowledge and understanding to defend and manage these claims successfully. We recognize that suits against long term care facilities often involve much more than medicine and we are prepared to address not only the medical aspects but other facets of the claim as well.

Our attorneys have an appreciation for dilemmas faced by the industry in providing affordable health care and maintaining a viable business and will work toward appropriate resolution of claims, whether that be in court, arbitration or mediation. The firm prides itself on its reputation among the plaintiffs' and defense bar and judicial personnel throughout the state. Our reputation as a firm that vigorously tries its lawsuits puts us in a position to achieve favorable settlements and avoid trials when feasible.

The long term goals and objectives of the client are kept in mind when dealing with each individual case. The firm recognizes the need for a close working relationship with the facility not only to be aware of those long term goals but to assist in achieving them. Our attorneys frequently conduct seminars and author articles dedicated to this industry.
